 APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,
 and do hereby grant the same, subject to the following limitations and
 conditions: This permit is issued subject to all existing rights on
 the source. It is understood that the amount of water herein granted
 is only a temporary allowance and that the final water right obtained
 under this permit will be dependent upon the period of use and the
 average number of cattle served from the waters of this source. The
 State retains the right to regulate the use of the water herein granted
 at any and all times but does not take responsibility for the use of
 the Federal range.

The amount of water to be appropriated shall be limited to the amount
 which can be applied to beneficial use, and not to exceed 0.0062
 cubic feet per second, or sufficient water to water 200 head of cattle.
 Actual construction work shall begin on or before October 9, 1969
 Proof of commencement of work shall be filed before November 9, 1969
 Work must be prosecuted with reasonable diligence and be completed on or
 before October 9, 1970
 Proof of completion of work shall be filed before November 9, 1970
 Application of water to beneficial use shall be made on or before
 October 9, 1971. Proof of the application of water to beneficial
 use must be filed with State Engineer on or before November 9, 1971
